

# Summer Internship in India

## Impact

You will be working under project aiming to support the Underprivileged Children, HIV/AIDS patients, Disable people, or other social issue.

You can see your own impact on other people's life.

## Culture Experience

You will work closely with the local people in the local organization. It helps you to not only see the difference from travel, but also understand the culture and build up the local contact.

## Adventure and Friendship

You will have the chance to explore the country, with many places of interests such as Taj Mahal. And you will be working and living with many other international Volunteers. Not only endless fun, but also you will gain a international friendship.

**There are several popular social topics which you may be working with, here are two examples:**

1. **HIV/AIDS:** Support the HIV/AIDS Patients, help them to build up the confidence; Increase the awareness of HIV/AIDS and educate local people of the protection method
