Director Automotive Aftermarket

GLOBAL AIESEC

ALUMNI HALL OF FAME AWARD

AUGUST 2008

Brazil, 2008.

If there is an alumnus all members of AIESEC in Brazil know about – that certainly is Delfim Calixto.

Inspiration for a lot of generations of AIESEC members, Delfim has always done great in staying in contact with AIESEC and actively contributing to the success of the organization. A highly successful AIESEC member himself, Delfim was President of AIESEC in Brazil 2 times (1984/85 and 1986/87) and led the extension to new Local Committees and supported the consolidation of CL Rio de Janeiro and Curitiba. He was the first full time national president; created the first sponsorship group of AIESEC in Brazil; increased the external

positioning of AIESEC in the country and ensured support for AIESEC from different universities.

"Delfim Calixto is a role model for us, due to his achievements and the amount of involvement he still shows towards AIESEC in various countries he works in. During his professional career in Bosch he has been committed to many different projects and has been recognized for his capacity to inspire and engage others."

- Bárbara Teles, Alumni Responsible, AIESEC in Brazil

As a result of his drive to increase the importance of Brazil in the AIESEC network, Delfim ensured the hosting of AIESEC's International Presidents Meeting 1987 in Brazil.

The devoted support and engagement of Delfim with AIESEC did not stop even when he went on an internship in Germany, where he was an active part of the AIESEC projects. The

internship he did in Bosch was only the start of his career in the company. After working in Germany, Brazil, Argentina, back to Brazil, he is right now Director Automotive Aftermarket Robert Bosch in Mexico. Throughout his career advancement, Delfim has always been supporting AIESEC in every possible way. He was one of the initiators of a local chapter in Campinas, Brazil and is currently a main exchange provider. Sharing his large network of contacts with AIESEC has secured a number of exchange opportunities for AIESEC in Brazil. His drive to contribute actively to his community extends beyond his involvement in AIESEC - Delfim is engaged with social work through his involvement in the Bosch Foundation.
